UNITED STATES OF AMERICA
NUCLEAR REGULATORY COMMISSION

BEFORE THE SECRETARY

In the Matter of
Southern Nuclear Operating Company
License Amendment Application for
Combined Licenses NPF-91 and NPF-92
Vogtle Electric Generating Plant Units 3 and 4
Docket Nos. 052-00025 and 052-00026;
NRC-2008-0252

DECLARATION OF STANDING

Under penalty of perjury, I declare as follows:

1. My name is Pauline Blaylock.
I am a member of Blue Ridge Environmental Defense League and its chapter Concerned Citizens of Shell Bluff.

2. I live at 2002 Nasty Dr Augusta, GA.

My home lies within 50 miles of the site in Burke County, Georgia, jointly owned by Georgia Power Company, Oglethorpe Power Corporation, Municipal Electric Authority of Georgia and the City of Dalton for which Southern Nuclear Operating Company has applied to the U.S. Nuclear Regulatory Commission for a License Amendment for the construction and operation of Plant Vogtle Units 3 and 4.

3. I believe that these facilities are inherently dangerous and the proposed amendment would increase the risk to my health and safety. In particular, I am concerned about releases of radioactive substances to the air and water, an accident involving the release of radioactive materials, and my ability to protect myself and my family if a radioactive accident were to occur.

4. Therefore, I have authorized Blue Ridge Environmental Defense League to represent my interests in this proceeding by filing arguments opposing the issuance of a License Amendment to Southern Nuclear Operating Company.

2. I live at 212 Colony Lane Augusta GA 30908.

My home lies within 50 miles of the site in Burke County, Georgia, jointly owned by Georgia Power Company, Oglethorpe Power Corporation, Municipal Electric Authority of Georgia and the City of Dalton for which Southern Nuclear Operating Company has applied to the U.S. Nuclear Regulatory Commission for a License Amendment for the construction and operation of Plant Vogtle Units 3 and 4.

3. I believe that these facilities are inherently dangerous and the proposed amendment would increase the risk to my health and safety. In particular, I am concerned about releases of radioactive substances to the air and water, an accident involving the release of radioactive materials, and my ability to protect myself and my family if a radioactive accident were to occur.

4. Therefore, I have authorized Blue Ridge Environmental Defense League to represent my interests in this proceeding by filing arguments opposing the issuance of a License Amendment to Southern Nuclear Operating Company.

DECLARATION OF STANDING

Under penalty of perjury, I declare as follows:

1. My name is Robert T. Mettler.
I am a member of Blue Ridge Environmental Defense League and its chapter Concerned Citizens of Shell Bluff.

2. I live at 822 Cross Ct. Dr. Augusta, GA 30909

My home lies within 50 miles of the site in Burke County, Georgia, jointly owned by Georgia Power Company, Oglethorpe Power Corporation, Municipal Electric Authority of Georgia and the City of Dalton for which Southern Nuclear Operating Company has applied to the U.S. Nuclear Regulatory Commission for a License Amendment for the construction and operation of Plant Vogtle Units 3 and 4.

3. I believe that these facilities are inherently dangerous and the proposed amendment would increase the risk to my health and safety. In particular, I am concerned about releases of radioactive substances to the air and water, an accident involving the release of radioactive materials, and my ability to protect myself and my family if a radioactive accident were to occur.

4. Therefore, I have authorized Blue Ridge Environmental Defense League to represent my interests in this proceeding by filing arguments opposing the issuance of a License Amendment to Southern Nuclear Operating Company.

Vogtle Electric Generating Plant Units 3 and 4
Docket Nos. 052-00025 and 052-00026;
NRC-2008-0252

DECLARATION OF STANDING

Under penalty of perjury, I declare as follows:

1. My name is Willie B. Wilson.
I am a member of Blue Ridge Environmental Defense League and its chapter Concerned Citizens of Shell Bluff.

2. I live at 812 Cates Mead Rd.

My home lies within 50 miles of the site in Burke County, Georgia, jointly owned by Georgia Power Company, Oglethorpe Power Corporation, Municipal Electric Authority of Georgia and the City of Dalton for which Southern Nuclear Operating Company has applied to the U.S. Nuclear Regulatory Commission for a License Amendment for the construction and operation of Plant Vogtle Units 3 and 4.

3. I believe that these facilities are inherently dangerous and the proposed amendment would increase the risk to my health and safety. In particular, I am concerned about releases of radioactive substances to the air and water, an accident involving the release of radioactive materials, and my ability to protect myself and my family if a radioactive accident were to occur.

4. Therefore, I have authorized Blue Ridge Environmental Defense League to represent my interests in this proceeding by filing arguments opposing the issuance of a License Amendment to Southern Nuclear Operating Company.
