Dear Hector Rodriguez-Luccioni,

I am writing to you in regards to the documents (GL-26306 and GL-29864) that were received December 8, 2015. As far as we know, there are no licensed devices containing byproduct materials and authorized pursuant to 10 CFR Part 31 here at our facility. The facility was purchased in 1999, and has been manufacturing lead acid batteries since that time. All previous equipment was removed prior to acquisition. Associated equipment in reference:

Asoma Twin City – 31454

D1054208919

D942320818

D115619834

If you need more information regarding this issue, please contact me.

Sincerely,

*Rob Sheets*
