SUBJECT: TERMINATION OF YOUR NRC RADIOACTIVE MATERIALS LICENSE

Dear Mr. Parins:

In the NRC Form 314 "Certificate of Disposition of Materials" dated November 10, 2015, you contacted the U.S. Nuclear Regulatory Commission and indicated that you wished to terminate your NRC radioactive material license. You provided that all licensed materials have been properly transferred to your license 009-1100-01 issued by State of Wisconsin, an NRC's Agreement State. Based on the above and the review of records of sealed source leak tests provided, the NRC staff determined no further remediation or actions with respect to NRC regulated material is required. Therefore, NRC license number 48-18916-02 is hereby terminated.

In accordance with Title 10 Code of Federal Regulations 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

If you have any questions, please contact me at (630) 829-9887.

Sincerely,

A handwritten signature in black ink, appearing to read "Frank P. D. Tran".
