Discussion: I had left a message for Mr. Fenton on 11/17 and called again on 11/24 and talked to Mr. Fenton. I stated that the survey that was submitted did not appear to show that the area could be released and meet requirements. It actually showed areas where it appeared that the location did not meet requirements. I then discussed the screening level of Uranium. I suggested that, with his permission, I talk to his consultants about survey requirements. Mr. Fenton did not believe me that the location was not ready for release, in which I stated that I did not know that it wasn't ready for release, but I can't conclude that with the survey submitted. He said that he would get with the consultant and call back to discuss the survey requirements. I stated that I would send him links to our guidance documents.

Action Required: Send links to guidance documents to Mr. Fenton
