Subject: Draft Request for Additional Information Regarding the License Transfer Request (L-15-195)
Attachments: Draft RAI 12-15-15.docx

Dear Mr. Lashley:

By letter dated June 30, 2015 (Agencywide Documents Access and Management System (ADAMS) Accession No. ML15181A366), FirstEnergy Nuclear Operating Company (FENOC, the licensee) submitted a license transfer request for Perry Nuclear Power Plant, Unit No. 1 (PNPP). The proposed request would transfer Ohio Edison Company's 12.58 percent leased interest in PNPP to FirstEnergy Nuclear Generation, LLC (FENGen), making FENGen the sole proprietor of PNPP.

The U.S Nuclear Regulatory Commission (NRC) staff is reviewing your submittal and has identified areas where additional information is needed to complete its review. Attached, please find a draft request for additional information (RAI).

The draft RAI is being sent to ensure that the questions are understandable, the regulatory basis for the questions is clear, and to determine if the information was previously docketed. This email and the attachment do not convey or represent an NRC staff position regarding the FENOC's request.

Please let me know if you need a call to clarify the staff's request.

Sincerely,
Kimberly Green, Senior Project Manager
