Re: GL-10013

Mr. Hector Rodriguez-Luccioni,

Universal, dba Logistics Insight Corporation, has received a letter addressed to the Current Safety Officer for Cadillac Motor at our facility on 2860 Clark Street in Detroit, Michigan. We are sub-leasing this property between our customer FCA US LLC, and General Clark Street Associates LLC. This lease took affect November 2, 2015. We have no knowledge of the property prior to our occupancy. The building is new construction.

The property is a cross dock and warehouse that deconsolidates auto parts and returnable containers for our customer. There is no function at this facility that warrants review of the regulatory requirements for detecting, measuring, and controlling devices and certain devices for producing light or an ionized atmosphere generally licensed under 10 CFR 31.5.

If you have any questions on this matter, please contact Dan Cummings by phone at (586)467-1430 or by email at [dcummings@gousti.com](mailto:dcummings@gousti.com).

Regards,

A handwritten signature in black ink, appearing to read "Dan Cummings", written over a faint dotted line.
