Subject: Fenton Art Glass Co., Request for Additional Information Concerning Application for a License Amendment, Control 589275

Dear Mr. Fenton,

This is in reference to your letter dated October 26, 2015, and a follow up to our phone conversation on 11/24/2015, requesting for amendment to Nuclear Regulatory Commission License No. SUB-491, Docket No. 04003149. In order to continue our review, we need the following additional information:

1. Based upon the surveys provided in your letter, we were not able to determine that any residual radioactivity is within the limits of 10 CFR Part 20, Subpart E. Please provide surveys and supporting documentation that demonstrates your facility is ALARA and is within the limits of 10 CFR Part 20, Subpart E. Please reference NUREG-1757, Volumes 1, "Consolidated Decommissioning Guidance Decommissioning Process for Materials Licensees" and Volume 2, "Consolidated Decommissioning Guidance Characterization, Survey, and Determination of Radiological Criteria" for guidance.
2. Prior to termination of a license, 10 CFR 40.36(f), 40.42(k)(4) and 40.62 require that you submit to the NRC certain records. Please submit the following records, or explain why such records are not applicable.
 - a. for unsealed materials with half-lives greater than 120 days, records for disposal made pursuant to 10 CFR 20.2002 (alternate disposal procedures, including burial authorized prior to January 28, 1981), 20.2003 (disposals to the sanitary sewerage system), 20.2004 (incineration of wastes), 20.2005 (disposal of specific wastes including liquid scintillation cocktail and animal tissue), and 20.2103(b)(4), evaluations of effluent releases.
 - b. records important for decommissioning as described in 10 CFR 40.36(f). Examples of such records include but are not limited to: records of contamination, identifying the radionuclides, quantities and concentrations; as-built drawings and modifications of structures and equipment in restricted areas and locations of inaccessible contamination such as buried pipes; a single list, updated at least every 2 years, of areas to which access is limited for the purpose of radiation protection (restricted areas); and records related to the provision of financial assurance.

We will continue our review upon receipt of this information. Please reply to my attention at the Region 1 Office (Address below) and refer to Mail Control No. 589275. If you have technical questions regarding this letter, please call me at (610) 337-5366.

Please note that you may not reply to this letter by return e-mail. Your reply must be in writing by letter, facsimile (610-337-5269), or signed letter attached to an email. If we do not receive a reply from you within 30 calendar days from the date of this e-mail, we will assume that you do not wish to pursue your application.

Region 1 Office Mailing Address: Licensing Assistance Team, US Nuclear Regulatory Commission Region I, 2100 Renaissance Boulevard, Suite 100, King of Prussia, PA 19406-2713.
