Bill

I will look and see if that is an option but please keep in mind this call is to make sure FPL understands the RAI question and type of information the staff is looking to receive in order to resolve question. We cannot go into any additional details regardless of the setting used to go over the RAI.

Let me check with the SME's and get back to everyone.

Thanx

Alicia

It might also be possible to set up to coincide with the normal weekly public call that the AP1000 DCWG has. That way we can examine, in perhaps more detail, what exactly the comment is that you are looking to answer and the information that we can provide.

Since these happen on a regular schedule it might be more accommodative.

Bill

Because of everyone's availability, it is probably best to setup a clarification call for Tuesday(1/5), 1pm or later or Wednesday (1/6). anytime except 1-3 pm.

Please let me know which is better including an exact time for you all.

If you have any questions, please call.

Merry Christmas and Happy New Years!
