Reference: STV Incorporated - License No. 06-30049-01 *103033206*

Subject: Proposed Amendment to License – Closure of Newington Field Office

Dear Mr. Reichard:

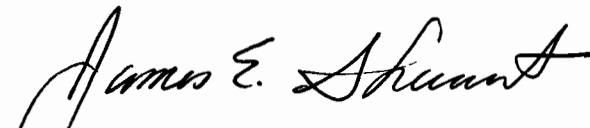

STV Incorporated has completed our construction contract for the Construction of the CTFastrak Facilities in Newington, CT and that office has been closed. I am writing to amend our license to eliminate the field office located at 697 Cedar Street, Newington, CT from Condition 10 of our license.

Leak tests were performed by InstroTek, Inc. during the time that we used/stored the gauges at that location and no leaking sources were recorded during that time. We have never had a leaking source reported.

Please contact me directly if you have any questions or require additional information concerning this request.

Very truly yours,

**STV Incorporated**

  
James E. Sherwonit, PE  
Vice President/Radiation Safety Officer
