

January 20, 2016

Mr. Don Ballard  
Senior Minerals Land Advisor  
Anadarko Petroleum Corporation  
Bear Creek Uranium Company  
P.O. Box 1330  
Houston, TX 77251-1330

SUBJECT: CORRECTION TO LICENSE AMENDMENT 52 TO BEAR CREEK URANIUM  
COMPANY RADIOACTIVE MATERIALS LICENSE (DOCKET NO. 040-8452)

Dear Mr. Ballard:

On July 7, 2015, the U.S. Nuclear Regulatory Commission (NRC) amended the radioactive materials license for the Bear Creek Uranium Company to include the name of the new project manager for the Bear Creek project (Agencywide Documents Access and Management System (ADAMS) Accession Number ML15168A243). A review of the license revealed that the license and docket number on pages 4 through 7 are incorrect. Enclosed is the corrected license for the Bear Creek facility.

An environmental assessment was not performed for this action as it is categorically excluded under 10 CFR 51.22 (c)(10)(v).

In accordance with 10 CFR 2.390 of the NRC's "Agency Rules of Practice and Procedure," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records component of NRC's ADAMS. ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

D. Ballard
