Subject: Levy Public Teleconference this Thursday re: LLC name change

Bob –

For the public teleconference this Thursday:

We need to know how the State of Florida treated the change from Duke Energy Florida, Inc. to Duke Energy Florida, LLC. (the significance of such changes are on a state-by-state basis). Once we know whether this was just an administrative change, or if Florida required a more significant process. While it appears from the timing of the filed amended articles to the effective date of the change that this was an administrative change, the applicant would need to confirm that point.

All future information (insurance, decommissioning fund, etc.) will need to be verified in the new name: Duke Energy Florida, LLC.
