General Comment

- NRC must require licensees to have fully funded decommissioning funds upon closure.
- Decommissioning funds can only be used for radiological cleanup: no amendments to permit licensees to raid the fund for operating expenses.
- NRC should restore national Environmental Policy Act Compliance.
- NRC should restore all decommissioning safeguards including the hearing rights of the public.
- The decommissioning plan should be reinstated and replace the PSDAR.
- Site-specific advisory boards be established as a formal mechanism for local and state participation during decommissioning.
