**Date:** Wednesday, January 13, 2016 8:36:18 AM

---

Geoffrey,

Yes, the quotation mark is a typographical error and should be removed. I just went through the other Technical Specification pages line-by-line and found no other typographical errors.

Thanks,

**Subject:** Typo in TS 3.6.c.

Les, we think we found a minor typo-graphical error in TS 3.6.c.- a stray quotation mark at the end of the sentence (see attached file). If so, we can remove the quotation mark if directed by you via your reply to this email. Indicate that the quotation mark is a typographical error and you would like us to remove it from the TS. Note that a copy of your email response will be placed in ADAMS to document this request. Please check the other TS pages provided a part of this amendment to ensure no other typos exist.

Thanks
