Re: Oconee Nuclear Station Docket Numbers 50-269, 50-270 and 50-287

Dear Mr. Rusche:

Your letter of May 11, 1976 requested that we inform you within twenty days of the receipt thereof of when information relative to a reevaluation of the fire protection provisions at Oconee Nuclear Station would be submitted. The information on which this reevaluation, and the establishment of a schedule for, was to be based - Mr. Roger S. Boyd's letter of May 3, 1976, with attachments - was not received by us until May 26, 1976, however. Accordingly, we will advise you by June 15, 1976 of our schedule for submittal of the requested information.

Very truly yours,

William O. Parker Jr. William O. Parker, Jr. by WAH
