---

Good Morning,

I am following up with you regarding the Section 106 Consultation letter, dated October 21, 2015, that the U.S. Nuclear Regulatory Commission (NRC) sent to Lady Chairman Amber C. Toppah.

We followed up in early December 2015 by telephone, and were told to contact Curtis Munoz, Environmental Director regarding this letter. At that time we were not able to contact him or his administrative assistant by telephone but we were able to contact the Kiowa Administration Office. The Kiowa Administration Office said that they would call us back if they could not locate the letter.

I wanted to confirm with you that the Kiowa Environmental Director did receive our letter. If you would be so kind to let me know whether Director Munoz has received it and if he has any comments for us. I can be reached at 301 415-6822 or at [amy.snyder@nrc.gov](mailto:amy.snyder@nrc.gov).

As we discussed this morning, I have attached an electronic copy of the letter for your use.

Thank you for your assistance,

Kind Regards

Amy Snyder
