

This page provides an abstract, justification, and target dates for a potential rule that the U.S. Nuclear Regulatory Commission (NRC) has prioritized in its Common Prioritization of Rulemaking listing.

Please visit the [Rulemaking Priorities](#) page on the NRC's public Web site for additional information about this page and to view the entire Common Prioritization of Rulemaking listing.

| <b>Miscellaneous Administrative Rulemaking (Rev. 2)</b>  |                            |                            |                            |                         |
|--|----------------------------|----------------------------|----------------------------|-------------------------|
| <b>Abstract</b>  |                            |                            |                            |                         |
| Placeholder for miscellaneous corporate support rulemaking.  |                            |                            |                            |                         |
| <b>Justification</b>   |                            |                            |                            |                         |
| The rule scores 22 points (0,7,10,5) because of the following reasons: A) Rule with no contribution to the safety or security goals; B) Moderate contributor to the openness and operational excellence strategies; C) Congressionally mandated rule or has Commission direction; and D) Rule with significant public participation or interest. |                            |                            |                            |                         |
| <b>Start Dates</b>   | <b>Reg Basis Completed</b> | <b>PR Sent to Comm/EDO</b> | <b>FR Sent to Comm/EDO</b> | <b>Publication Date</b> |
