King of Prussia, PA 19406-2713

Re: Radioactive Material License: 52-24994-01
Docket No.: 03030578
Control No.: 589863

Mr. Reichard,

This letter is in response to your email dated January 25, 2016 regarding the amendment request for the above referenced Radioactive Materials License.

Your understanding is correct, the amendment is strictly for a change in the name under which the facility will be doing business and does not affect either ownership or control of the facility or the radioactive materials located at the site. I will address each specific concern below.

1. Ownership of STERIS Isomedix Puerto Rico, Inc. remains the same the only change that we are requesting is that the license read STERIS Isomedix Puerto Rico, Inc. dba STERIS Applied Sterilization Technologies.
2. There will be no changes in any responsibility or authority over budgetary controls, operating plans, policies, procedures, regulatory matters or the management direction of the plant.
3. Personnel overseeing licensed activities will remain the same.
4. The facility has not changed.
5. All associated procedures will remain the same.
6. All associated equipment will remain the same.

Any questions regarding either the name change or the information provided in this letter may be forwarded to my attention for response either directly to the address below or through Mr. Jose Aponte at State Road 690, km 1.7, Vega Alta, PR 00692. Please feel free to call me at (440) 413-8681 if you have any questions.

A handwritten signature in black ink that reads "David M. Jackson".
