RE: Request for change of RSO to license No. 47-23065-01/03020231

Licensing Assistant Team:

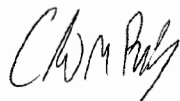

This letter serves as a formal request for an amendment to our current NRCS license No. 47-23065-01. I would like to make a change of the RSO.

We would like to change our Radiation Safety Officer (RSO) from Wade Naylor to Randy Means. Randy has been an employee since 2015 and is well versed in the rules and regulations as they pertain to the use, storage and maintenance of our Troxler nuclear density gauges. Randy has recently completed the RSO training course and he has taken the position of Safety Director for our company. His position requires him to deal with safety control of our company making him the logical person.

If you have any questions or concerns, please feel free to contact Wade Naylor at wnaylor@thrashereng.com or at his Office: 304.731.4011

Sincerely,

THE THRASHER GROUP, INC.

Chad M. Riley, PE
Principal in Charge
