Dear Sir:

In your letter of June 26, 1973, you indicated that it was possible to list specific individuals within our organization to which license fee invoices and related correspondence should be addressed. Since we have several units under construction, this would simplify the billing procedure.

Please have all license fee correspondence prior to the filing of the Final Safety Analysis Report addressed to:

Warren H. Owen, Vice President
Design Engineering
Duke Power Company
Post Office Box 2178
Charlotte, North Carolina 28201

Please have all correspondence pertaining to license fees after the Final Safety Analysis Report is filed addressed to:

Austin C. Thies, Senior Vice President
Production and Transmission
Duke Power Company
Post Office Box 2178
Charlotte, North Carolina 28201

If any internal problems develop because of this procedure, please let us know.

Sincerely,

William L. Porter

WLP/kp
