Re: Oconee Unit 1
Docket No. 50-269

Dear Mr. Giambusso:

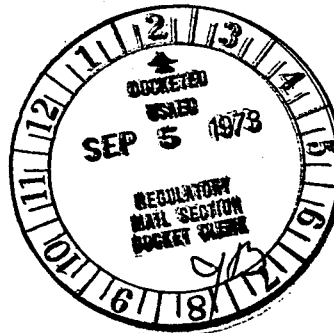

Please find enclosed forty (40) copies of the first Oconee Nuclear Station Semi-Annual Report. This report is submitted pursuant to the Oconee Nuclear Station Technical Specification 6.6.1C, Semi-Annual Operating Report, and the Non-Radiological Environmental Specifications, Appendix B to Operating License DPR-38.

Five (5) copies of the report contain special process color photographs in Section 1.4 of the Non-Radiological Environmental Surveillance Report. It is intended that these copies be forwarded to those individuals reviewing Non-Radiological Technical Specification 1.4, "Fish Impingement on Intake Screens and Entrainment of Fish Eggs and Larvae." The five copies containing the special color photographs have been identified on their front cover.

Very truly yours,

A. C. Thies
