Dear Dr. Morris:

Duke Power Company is submitting herewith Revision No. 1 to its Supplemental Environmental Report for the Oconee Nuclear Station. Three hundred copies of the Supplemental Environmental Report were submitted with our letter of October 18, 1971 in support of Duke Power Company's Application for Licenses for the Oconee Nuclear Station which is under construction pursuant to Provisional Construction Permits CPPR-33, -34, and -35 issued by the Commission on November 6, 1967.

Please insert revised pages 19, 21, 68, and Table 5 as replacements for existing pages in the 300 copies of the document entitled, "Supplement to Environmental Quality Features of Keowee-Toxaway Project," and dated October, 1971. Please note that vertical lines in each margin and the revision number in the left margin identify portions revised unless otherwise noted at the bottom of the page.

Having been duly sworn, I hereby certify that I am a Senior Vice President of Duke Power Company; that I am authorized on the
