Re: Oconee Units 1, 2, and 3
Docket Nos. 50-269, -270, and -287

Dear Mr. DeYoung:

In response to your letter of June 1, 1972, please find attached a current compilation of B&W topical reports which are applicable to the Oconee Application, Docket Nos. 50-269, 50-270, and 50-287. In the future, we expect to file additional topical reports concerning control rod drive motor tube indications; findings, evaluation, and redesign of the reactor vessel and internals; and reactor vessel internals instrumentation.

The attached list will be made a part of our license application in a forthcoming amendment which is projected for mid-July.

If you have any questions, please advise.

Very truly yours,

A. C. Thies
