Dear Dr. Morris:

This letter supplements my letter of October 18, 1971 which submitted the following documents in support of Duke Power Company's Application for Licenses for the Oconee Nuclear Station which is under construction pursuant to provisional construction permits CPPR-33, -34, and -35 issued by the Commission on November 6, 1967:

3. Statement by the Applicant Why the Construction Permits Should Not Be Suspended, Units 2 and 3, Docket Nos. 50-270, 50-287.

These documents should have been submitted under oath or affidavit. Therefore, having been duly sworn, I hereby certify that I am a Senior Vice President of Duke Power Company; that I am authorized on the part of said company to sign and file these documents; and that all matters set forth therein are true and correct to the best of my knowledge, information, and belief.
