

MAY 29 1979

50-269

The Honorable Ernest F. Hollings  
United States Senate  
Washington, DC 20510

Dear Senator Hollings:

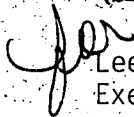

Thank you for your letter of April 27, 1979 which transmitted a copy of a letter from Ms. Berniece B. Holt dated April 20, 1979. Ms. Holt requested that certain documents pertaining to Duke Power Company's Oconee Nuclear Station, Units 1, 2 and 3, be placed at the Clemson University Library, Clemson, South Carolina.

Ms. Jona Souder, Chief of the NRC's Local Public Document Room Branch, Division of Rules and Records, has contacted Ms. Holt regarding her request and has made arrangements to establish a special document collection at the University Library. The special document collection will contain monthly operating reports and reportable occurrence reports concerning the three Oconee units. Ms. Peggy Cover, Librarian in Charge, Science, Technology and Agricultural Services, has agreed to receive this material and maintain it for use by the students and faculty of Clemson University, as well as for members of the general public.

If we can be of further assistance in this matter, please do not hesitate to contact us.

Sincerely,

(Signed) T. A. Rehm

Lee V. Gossick  
Executive Director for Operations

Mr. Carlton Kammerer  
Director, Office of Congressional Affairs  
Nuclear Regulatory Commission  
1717 H Street, NW  
Washington, D.C. 20505

Dear Mr. Kammerer:

I have enclosed, for your review, a copy of a letter I received from Berniece B. Holt pertaining to reports filed with the NRC from Duke Power regarding the three reactors at the Oconee Nuclear Station.

I would appreciate your reviewing this correspondence and providing me with a report. If further information is necessary, please do not hesitate to call on me.

With kindest regards, I am

Sincerely,

Ernest F. Hollings

Robert Paulus  
Headquarters  
Nuclear Regulatory Commission  
Washington, D. C.

Dear Mr. Paulus:

I have learned that Clemson University Library has received inquiries about Duke Power Company's three reactors at the Oconee Nuclear Station, and especially about those reports which are required to be filed with the NRC and the Oconee Public Library. The Oconee library, which is in Walhalla, is nearly 20 miles from the Clemson academic community and even farther from those people in Anderson, Greenville and Atlanta who have needed to consult the reports.

Clemson University Library regularly receives Duke's annual reports on the Oconee Nuclear Station which include monthly maintenance reports, reportable occurrences, and shut-downs. Recently there has been an increased demand at the University Library for more current information than is presently available. Faculty and research personnel as well as students have found it so inconvenient to travel to Walhalla that we wonder whether current reports - monthly maintenance and abnormal/reportable occurrences - might not be filed here as well as in Walhalla. They would certainly be more readily available and more useful.

Mrs. Peggy Cover, Librarian in Charge, Science, Technology and Agricultural Services, Clemson University Library, states definitely that she thinks the University Library should receive these reports. If they are addressed to her she will be responsible for handling them in such a way that anyone interested will have access to them.

Should you not be in a position to make a decision about this additional distribution, would you please be kind enough to refer this request to the appropriate authority.

Sincerely yours,

*Berniece B. Holt*
