- (4) Reserve Premium Refunds. A portion of the reserve premium for this policy for the first calendar year of any group of ten consecutive calendar years shall be returnable to the named insured provided there is a reserve for refunds at the end of the tenth calendar year.
- (5) Computation of Reserve Premium Refunds. The reserve premium refund due the named insured for any calendar year shall be determined by multiplying any industry reserve premium refund for such calendar year by the policy refund ratio for such calendar year. The reserve premium refund for any calendar year shall be finally determined as soon as practicable after July 1 of the tenth calendar year thereafter.
- (6) Final Premium. The final premium for this policy shall be the sum of standard premiums for each calendar year, or portion thereof, during which this policy remains in force less the sum of all refunds of reserve premiums due the named insured under the provisions of this Condition 1.

(Extraordinary Nuclear Occurrence)  
(FACILITY FORM)

The named insured, acting for himself and every other insured under the policy, and the members of Mutual Atomic Energy Liability Underwriters agree as follows:

1. With respect to any extraordinary nuclear occurrence to which the policy applies as proof of financial protection and which
  - (a) Arises out of or results from or occurs in the course of the construction, possession, or operation of the facility, or
  - (b) Arises out of or results from or occurs in the course of the transportation of nuclear material to or from the facility,

the insureds and the companies agree to waive

- (1) any issue or defense as to the conduct of the claimant or the fault of the insureds, including, but not limited to:
  - (i) negligence,
  - (ii) contributory negligence,
  - (iii) assumption of risk, and
  - (iv) unforeseeable intervening causes, whether involving the conduct of a third person, or an act of God,
- (2) any issue or defense as to charitable or governmental immunity, and
- (3) any issue or defense based on any statute of limitations if suit is instituted within three years from the date on which the claimant first knew, or reasonably could have known, of his bodily injury or property damage and the cause thereof, but in no event more than ten years after the date of the nuclear incident.

The waiver of any such issue or defense shall be effective regardless of whether such issue or defense may otherwise be deemed jurisdictional or relating to an element in the cause of action.

2. The waivers set forth in paragraph 1. above do not apply to

- (a) Bodily injury or property damage which is intentionally sustained by the claimant or which results from a nuclear incident intentionally and wrongfully caused by the claimant;
- (b) Bodily injury sustained by any claimant who is employed at the site of and in connection with the activity where the extraordinary nuclear occurrence takes place if benefits therefor are either payable or required to be provided under any workmen's compensation or occupational disease law;

(continued. . .)

Waiver of Defenses Endorsement - continued

(Page 2)

- (c) Any claim for punitive or exemplary damages, provided, with respect to any claim for wrongful death under any State law which provides for damages only punitive in nature, this exclusion does not apply to the extent that the claimant has sustained actual damages, measured by the pecuniary injuries resulting from such death but not to exceed the maximum amount otherwise recoverable under such law.
3. The waivers set forth in paragraph 1. above shall be effective with respect to bodily injury or property damage to which the policy applies under its terms other than this endorsement.

Such waivers shall not apply to, or prejudice the prosecution or defense of any claim or portion of claim which is not within the protection afforded under

- (1) The provisions of the policy applicable to the financial protection required of the named insured,
- (2) The agreement of indemnification between the named insured and the Atomic Energy Commission made pursuant to section 170 of the Atomic Energy Act of 1954, as amended, and
- (3) The limit of liability provisions of subsection 170 e. of the Atomic Energy Act of 1954, as amended.

Such waivers shall not preclude a defense based upon the failure of the claimant to take reasonable steps to mitigate damages.

4. Subject to all of the limitations stated in this endorsement and in the Atomic Energy Act of 1954, as amended, the waivers set forth in paragraph 1. above shall be judicially enforceable in accordance with their terms against any insured in an action to recover damages because of bodily injury or property damage to which the policy applies as proof of financial protection.
5. As used herein:
- "Extraordinary nuclear occurrence" means an event which the Atomic Energy Commission has determined to be an extraordinary nuclear occurrence as defined in the Atomic Energy Act of 1954, as amended.
