Re: Oconee Unit 3
Docket No. 50-287

Dear Mr. Giambusso:

Pursuant to Oconee Nuclear Station Technical Specification 6.6.1.1, Duke Power Company herewith submits the "Startup Report" for Oconee Nuclear Station Unit 3.

Initial criticality of Oconee Unit 3 was achieved on September 5, 1974, and the unit was declared to be in commercial operation effective December 16, 1974. This report addresses unit startup and power escalation testing through 2400 hours on January 15, 1975. At that time a few power escalation tests remained to be completed, as identified in Section 1.0 of this report. After these tests have been completed, appropriate information supplementary to this report will be submitted.

Two (2) copies of the report are attached. Twenty-five (25) copies of the report are being transmitted under separate cover.

Very truly yours,

s/A. C. Thies
