Re: Oconee Nuclear Station  
Docket Nos. 50-269, -270, -287

Dear Mr. O'Leary:

This refers to your letter of November 13, 1972 concerning the minimum shift crew size for multiple units at Oconee Nuclear Station. For the initial operation of Oconee, we are proceeding to implement the shift sizes in accordance with R. C. DeYoung's letter of August 15, 1972. However, we remain convinced that these requirements are in excess of an optimum shift size. After we have obtained sufficient operating experience at Oconee to adequately demonstrate that your required shift sizes are excessive, we will present this information to members of your staff.

Sincerely,

A. C. Thies
