Attention: Mr. A. Schwencer, Chief  
Operating Reactors Branch #1

Reference: Oconee Unit 3  
Docket No. 50-287

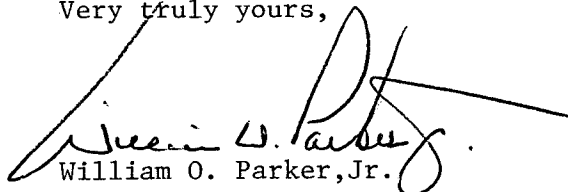

Dear Mr. Case:

Your letter dated July 28, 1977 requested additional information to support the position that pages 4-5 and 4-6 of Babcock & Wilcox Report BAW-1432, "Oconee Unit 3, Cycle 2 Reload Report" should be considered proprietary and be withheld from public disclosure.

My letter of February 25, 1976 submitted Babcock & Wilcox Report BAW-1425, "Oconee Unit 2 Cycle 2 Reload Report" which contained information of a proprietary nature as supported by my letter of April 1, 1977. This information, which is the same as that in Babcock & Wilcox Report BAW-1432, was considered by the Commission to be proprietary by your letter of June 22, 1977.

It is therefore requested that the supporting information contained in my letter of April 1, 1977 be referenced to in considering the proprietary nature of portions of Babcock & Wilcox Report BAW-1432.

Very truly yours,

  
William O. Parker, Jr.
