Subject: Request for Revision to 2015 Exempt Transfer Report; Epson America, Inc.; License No. 04-23970-01E
Attachments: RIS 2014-10 Exempt Distribution.pdf

Dear Mr. Mateas,

I've reviewed your exempt distribution report dated January 11, 2016.

Please revise and resubmit your report to indicate that the products were transferred for use under 10 CFR 30.15(a)(8)(iv), as required by 10 CFR 32.16(a)(2). Also, you based your estimates of the quantities of radioactivity transferred on the maximum quantities of radioactivity in the products. In your revision to your report, please estimate the actual quantities of radioactivity transferred in individual products and base your reporting on these quantities rather than the maximum quantities. Further information about the requirements that apply to annual reports of exempt distribution can be found in the attached Regulatory Issue Summary.

A hard copy of your revised report should be addressed and sent to:

ATTN: Document Control Desk/Exempt Distribution
Director, Office of Nuclear Material Safety and Safeguards
U.S. Nuclear Regulatory Commission
Washington, DC 20555-0001

Please be aware that upon your request, proprietary information submitted to the NRC may be withheld from public disclosure. To do this, you must follow the procedures in 10 CFR 2.390(b) including requesting withholding at the time the information is submitted and complying with the document marking and affidavit requirements set forth in 10 CFR 2.390 (b)(1).

If you have any questions, please feel free to contact me.

Regards,
Eric

Eric H. Reber
