Dear Mr. DeLaBarre:

Enclosed for you information are the reports listing the Title 10 of the *Code of Federal Regulations*, Part 110 Non-Appendix P, U.S. Nuclear Regulatory Commission export and import cases which were completed and received during the month of January 2016.

In summary, three licensing cases were completed and three license applications were received. As of the date of this letter, 39 Non-Appendix P export and import cases are pending final issuance. The Office of International Programs will continue our review of the existing pending cases that do not require Executive Branch views. We understand that, for most of the pending cases listed in the report, the Executive Branch is waiting for foreign government assurances as required by the Atomic Energy Act of 1954, as amended by the Nuclear Non-Proliferation Act of 1978.

Sincerely,

A handwritten signature in blue ink, appearing to read "G. B. Miller".
