**SUBJECT: ACKNOWLEDGMENT OF THUNDER BASIN COAL COMPANY, LLC
BANKRUPTCY NOTIFICATION**

Dear Mr. Moore:

This communication acknowledges your letter dated January 18, 2016, informing the Nuclear Regulatory Commission (NRC) that Thunder Basin Coal Company, LLC, filed for bankruptcy under Chapter 11 in Federal Bankruptcy Court on January 11, 2016.

Please be informed that the bankruptcy filing does not relieve Thunder Basin Coal Company, LLC, of its obligations to comply with NRC requirements, including those relating to security and control of licensed material; decontamination and decommissioning of contaminated facilities; and the retention of personnel required by NRC requirements (e.g., the Radiation Safety Officer (RSO), authorized users, etc.). Additionally, inspections of your activities will continue to occur.

If the RSO leaves your employ, you must first properly secure, dispose of, or transfer all licensed material, and you must inform NRC of this situation. If you need to close a building, you must first properly secure, dispose of, or transfer all licensed material that was in the building. NRC licenses remain in full effect even beyond their stated expiration date, until terminated in writing by NRC.

You may not (1) transfer control of your license without prior written NRC approval, or (2) transfer licensed material except as authorized by NRC regulations. You should ensure that your attorney and any trustee involved in the bankruptcy proceedings are aware of these obligations. Any person who takes control of licensed activities or possession of the licensed material including any contaminated equipment or property transferred by the licensee must first obtain an NRC license.

Please notify us immediately if you are unable to meet any of these conditions. Also, please notify us when the bankruptcy proceeding is completed.

R. Moore
