Subject: receipt & acceptance of ISA annual update L33403

Hello Chris

The package with the summary of plant changes and the ISA annual update, both hard copy and disc, arrived safely and was properly marked and handled.

The cover letter will be placed in ADAMS and will be publically available. The enclosures will not be in ADAMS.

We have opened CAC L33403 for our review of the plant changes.

At present, the Plant Modifications inspection is scheduled for the week of 6/13-17.

I would expect the results of the review to be published in that quarter's inspection report.

If you have any questions, just ask.
