**RE: NRC PROJECT NO. 0803 – NORTHWEST MEDICAL ISOTOPES, LLC MEETING
WITH THE U.S. NUCLEAR REGULATORY AGENCY ON FEBRUARY 18, 2016**

Northwest Medical Isotopes, LLC (NWMI) will be participating in a meeting with the U.S. Nuclear Regulatory Agency on February 18, 2016. There will be a non-public portion of the meeting that will discuss proprietary NWMI information, including business, financial, and technical information.

The required affidavit to withhold information from public disclosure is provided in Attachment 1. NWMI considers that certain information to be discussed in the February 18, 2016 meeting will be proprietary and requests that this information be withheld from public disclosure, pursuant to 10 CFR 2.390, "Public Inspections, Exemptions, Requests for Withholding."

If you have questions, I can be reached at (509) 430-6921 or carolyn.haass@nwmedicalisotopes.com.

Sincerely,

Carolyn C. Haass
Chief Operating Officer

Enclosure: Attachment 1, "Affidavit to Withhold Proprietary Information from Public Disclosure
(Pursuant to 10 CFR 2.390)"

**AFFIDAVIT TO WITHHOLD PROPRIETARY
INFORMATION FROM PUBLIC DISCLOSURE**

(Pursuant to 10 CFR 2.390)

10 CFR 2.390
AFFIDAVIT OF Carolyn C. Haass

I, **Carolyn C. Haass**, hereby affirm and state as follows:

1. I am the Chief Operating Officer of Northwest Medical Isotopes, LLC (NWMI), and I have been authorized to execute this affidavit on behalf of NWMI.
2. The information contained in the enclosed letter dated February 12, 2016, is proprietary commercial information related to NWMI becoming a domestic supplier of molybdenum-99 (⁹⁹Mo). The proprietary information to be discussed in the February 18, 2016 meeting will include sensitive business information created by or for NWMI. This information should be held in confidence by the U.S. Nuclear Regulatory Commission (NRC) and withheld from public disclosure.
3. In making this application for withholding of proprietary information of which it is the owner, NWMI believes that the information qualifies for withholding under the exemption from disclosure set forth in the Freedom of Information Act (FOIA), 5 U.S.C. Section 552(b)(4), the Trade Secrets Act, 18 U.S.C. Section 1905, and NRC regulations in 10 CFR 2.390(a)(4) for trade secrets and commercial information because:
 - a. This information is and has been held in confidence by NWMI.
 - b. This information is of a type that is customarily held in confidence by NWMI, and there is a rational basis for doing so because the information includes sensitive business information.
 - c. The information is being transmitted to the NRC voluntarily and in confidence.
 - d. This information is not available in public sources and could not be gathered readily from other publicly available information.
 - e. Public disclosure of this information would create substantial harm to the competitive position of NWMI by disclosing certain business decisions NWMI has made or is considering, and the analysis that went behind those decisions. Development and evaluation of this commercial information was achieved at, and disclosure could lead to additional, significant cost to NWMI.
 - f. Public disclosure of the information sought to be withheld is likely to cause substantial harm to NWMI'S competitive position and foreclose or reduce the availability of profit-making opportunities. The value of the information goes beyond the disclosure of actual information pertaining to NWMI's potential business, and includes substantial time and work towards developing the project by NWMI and its associates. The research, development, engineering, and analytical costs comprise a substantial investment of time and money by NWMI. The precise value of the information is difficult to quantify, but clearly is substantial.
 - g. NWMI's competitive advantage will be lost if its competitors are able to use the results of NWMI's activities to aid their own commercial activities. The value of this information to NWMI would be lost if the information was disclosed to the public. Making such information available to other entities without their having been required to undertake a similar expenditure of resources would unfairly provide competitors with a significant advantage, and deprive NWMI of the opportunity to exercise its competitive advantage to seek an adequate return on a large investment.
