LICENSEE:				
The inspection was an examination of the activities conducted under your license as they relate to radiation safety and to compliance with the Nuclear Regulatory Commission (NRC) rules and regulations and the conditions of your license. The inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations by the inspector. The inspection findings are as follows: 1. Based on the inspection findings, no violations were identified.				
 Previous violation(s) closed. The violations(s), specifically described to you by the inspector as non-cited violations, are not being cited because they were self-identified, non-repetitive, and corrective action was or is being taken, and the remaining criteria in the NRC Enforcement Policy to exercise discretion, were satisfied. 				
Non-Cited Violation(s) was/were discussed involving the following requirement(s) and Corrective Action(s):				
* Pohakuloa Training A office)	o, Suite 251, Honolulu, H	ect to posting in accord	ce)	19.11.
Licensee's Statement of Corrective Actions for Item 4, above.				
I hereby state that, within 30 days, the actions of corrective actions is made in accordance with the date when full compliance will be achieved). [External_Sender] RE: NRC Inspection Report

Aloha Dr. Katanic,

Thank you for your inspection, advises and review of our record.

We appreciated. We are looking forward to working with you in the future.

Warm Regards and wish you and your family happy holidays.

Abidin

Subject: NRC Inspection Report

Dr. Kaya,

Thank you for your time during the NRC inspection conducted on October 27, 2015, at your office in Honolulu, Hawaii. I also appreciated the time provided by your RSO, Chris Laude, during the field office inspection that was conducted on November 5, 2015, at your facility at the Pohakuloa Training Area on the Big Island.

As I mentioned to you during our phone conversation earlier today, no violations were identified during the inspection. The attached NRC Inspection Report (NRC Form 591M) documents the results of the inspection. This does not require you to take any action and you are not required to sign it or return it. I do however request a courtesy email response from you acknowledging receipt.

Thank you and please let me know if you have any questions.

Regards, Janine

Janine F. Katanic, PhD, CHP Senior Health Physicist US Nuclear Regulatory Commission Region IV Division of Nuclear Materials Safety office: 817-200-1151
