Yes, the United Keetoowah Band of Cherokee Indians in Oklahoma gives permission for our response on the above captioned project to be published in any system or document where it is necessary to document tribal responses, including ADAMS.

Thank you,

Lisa C. Baker

Dear Ms. Baker,

Thank you for your response.
The U.S. Nuclear Regulatory
Commission (NRC) has a long-standing practice of conducting
its regulatory responsibilities in an open and transparent
manner, to keep the public informed of the
agency's regulatory, licensing,
and oversight activities. Due to your disclaimer at the
bottom of your email, NRC is not able to make the email
publically available through NRC's Agencywide Documents
Access Management System (ADAMS) Public Electronic Reading
Room, which is accessible at
<http://www.nrc.gov/reading-rm/adams.html>.
Could you please reply to this email stating that you will
allow the NRC to add your response email to ADAMS so that it
can
be available to the public?

Sincerely,

Robert Hoffman, Environmental
Scientist
Environmental Review and Projects
Branch
Division of License Renewal

Office of Nuclear Reactor
Regulation

Thank you for
contacting us as a potential consulting party on this
project. The UKB defers consultation on this project to
federally recognized tribes with more of a historic interest
in this site.

Thank you,

Lisa C. Baker
