5. DATES OF INSPECTION
May 19-22, 2015

LICENSEE:
The inspection was an examination of the activities conducted under your license as they relate to radiation safety and to compliance with the Nuclear Regulatory Commission (NRC) rules and regulations and the conditions of your license. The inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations by the inspector. The inspection findings are as follows:

- 1. Based on the inspection findings, no violations were identified.
- 2. Previous violation(s) closed.
- 3. The violation(s), specifically described to you by the inspector as non-cited violations, are not being cited because they were self-identified, non-repetitive, and corrective action was or is being taken, and the remaining criteria in the NRC Enforcement Policy to exercise discretion, were satisfied.

 Non-Cited Violation(s) was/were discussed involving the following requirement(s) and Corrective Action(s):
- 4. During this inspection certain of your activities, as described below and/or attached, were in violation of NRC requirements and are being cited. This form is a NOTICE OF VIOLATION, which may be subject to posting in accordance with 10 CFR 19.11.

Licensee's Statement of Corrective Actions for Item 4, above.

I hereby state that, within 30 days, the actions described by me to the inspector will be taken to correct the violations identified. This statement of corrective actions is made in accordance with the requirements of 10 CFR 2.201 (corrective steps already taken, corrective steps which will be taken, date when full compliance will be achieved). I understand that no further written response to NRC will be required, unless specifically requested.

Mr. Farina,

As discussed during the telephonic exit meeting conducted earlier today, the enclosed NRC Inspection Report presents the results of the NRC inspection conducted during May 19-22, 2015, of NRC license SNM-1373.

The attached NRC Inspection Report (NRC Form 591M) documents the final results of the inspection. No violations are cited in the Inspection Report. This Inspection Report does not require the licensee to take any action and it is not required to be signed or returned. I do however request a courtesy email response from you acknowledging receipt.

We also request that you distribute this report to the pertinent individuals in your organization, including those directly affiliated with NRC license SNM-1373.

Thank you and please let me know if you have any questions.
