SUBJECT: UNIVERSITY OF PUERTO RICO, ADDITIONAL INFORMATION CONCERNING DISPOSAL OPTIONS FOR UNWANTED MATERIALS

Dear Mrs. Santiago:

This is in reference to our conversation regarding disposal of unwanted sources. Below are some additional options you may consider.

You may contact other licensees within your geographic area, such as hospitals, research, or other educational entities to discuss disposal options and possibly coordinate disposal to reduce costs.

Also, you may consider contacting the Conference of Radiation Control Program Directors, Inc. (CRCPD). CRCPD offers assistance in finding the most affordable, legal disposition for radioactive material. The contact person at CRCPD is Russ Meyer. His contact information is:
