We have received your email correspondence with Mr. Peter Falce dated February 2, 2016 regarding the oversights associated with our renewal application for license number 06-28529-01. Please find our responses below.

1) Application signature by a management representative:

Please note that I have reviewed the application and that I concur with the statements and representations contained therein. Future submittals will include my signature.

2) Requested isotope amounts for license:

Isotope	Quantity
Cesium 137	87 millicuries
Americium 241	408 millicuries

3) NUREG-1556, Volume 1, Revision 1, "Consolidated Guidance About Materials Licenses: Program-Specific Guidance About Portable Gauge Licenses," provides the guidance for portable gauge licenses.

Please note that security procedures will be developed, implemented, and maintained and will meet the criteria in the Errata dated July 5, 2005, 'Appendix H- Operating and Emergency Procedures.

Sincerely yours,

Brian Fitzpatrick
Corporate Health & Safety Director
