Re: FACILITY RSO AMENDMENT – 21-32514-01³
Carmeuse Lime and Stone – River Rouge
25 Marion Avenue
River Rouge, MI 48218
NRC Materials License No. 21-32514-01³

Dear Sir:

Carmeuse Lime and Stone – River Rouge is providing notification of a Radiation Safety Officer (RSO) amendment for the licensed materials/facility listed above.

Effective January 1, 2016, James Mosier will no longer perform the RSO duties for this facility. Edward Reinders will assume the RSO responsibility for this role.

All future correspondence regarding this material license should be directed to him. Edward's contact information can be located below.

Sincerely,

Sean Routledge
Director of Operations – Carmeuse Lime and Stone – North Division

Hey Tammy,

Attached is a request letter (signed) for new RSO at Carmeuse. I believe this is enough to open an action. Please process it in.

Bryan, here are signed letters for our Gary, IN and River Rouge, MI locations and my training certificate.

I am also the RSO for our Manitowoc, WI location but have been working with the state of WI on the updates.

Any questions, please let me know.

Thanks.

Hey Edward,

As I noted before, we don't have any record of receiving the 01/13/16 letter. We do need a signed copy though. So, if possible, please have it signed by another manager and re-submit it (along with a copy of the training certificate) as soon as possible. Also, if you are listed on other similar licenses as the RSO, please include that information.

If you have any questions, please let me know.

Thanks.
Bryan

Subject: [External_Sender] RSO Change for Carmeuse - River Rouge

Good morning Bryan. A signed version on Carmeuse letterhead of the attached letter was mailed to the NRC Region III on 1/13. The Site Manager, Andy Blake is out all week so I don't have access to the signed version. Please let me know if this will suffice. My RSO training certificate is also attached.

Thank you,
