Thanks Dennis. In addition to the information you sent via email, I also received hard copies of the license renewal decision in the Federal Register and the ROD. All of this information will be sufficient for our records.

It has been a pleasure working with you throughout the review process.

Shawn,

I hope the following will suffice. We sent copies of the final EIS along with cover letters to FWS. The transmittal letter is attached for your review.

You can follow the attached link to read or download any part of the EIS. The EIS is on the NRC's public web site:

<http://www.nrc.gov/reading-rm/doc-collections/nuregs/staff/sr1437/supplement55/>

The description of the conclusion of the section 7 consultation for Braidwood Station actually appears on the Record of Decision rather than the EIS. Most of the information for the license renewal is available at the following link:

Dennis,

I just listened to your voice message from Tuesday, regarding the Fianl EIS. We have moved and it appears the mail was not forwarded to our new address. Our new address is shown in my signature block below. If the mail is sent via FedEx or US mail, it should be delivered no problem.

If it is sent some other way, the delivery person should leave the package at Suite 3300 at the address below. You could also just send me an electronic copy of the document. That would be sufficient for my records.

Sincerely,

Shawn Cirton
