Dear Mr. Svajger,

I've reviewed your exempt distribution report dated January 29, 2016 for the 2015 reporting period.

Please revise and resubmit your report to indicate the following:

- (1) that the products transferred under 10 CFR 32.14 (i.e., as indicated in your report, the CI-36 sources) are transferred for use under 10 CFR 30.15(a)(9)
- (2) that the products transferred under 10 CFR 32.18 (i.e., the sources described in your report other than CI-36) are transferred for use under 10 CFR 30.18
- (3) whether the activity values in the column in your report marked "Activity (uCi)" refer to individual sources or the total activity transferred in various products

Further information about the requirements that apply to annual reports of exempt distribution can be found in the attached Regulatory Issue Summary.

A hard copy of your revised report should be addressed and sent to:

ATTN: Document Control Desk/Exempt Distribution  
Director, Office of Nuclear Material Safety and Safeguards  
U.S. Nuclear Regulatory Commission  
Washington, DC 20555-0001

Please be aware that upon your request, proprietary information submitted to the NRC may be withheld from public disclosure. To do this, you must follow the procedures in 10 CFR 2.390(b) including requesting withholding at the time the information is submitted and complying with the document marking and affidavit requirements set forth in 10 CFR 2.390 (b)(1).

If you have any questions, please feel free to contact me.

Regards,  
Eric
