Subject: Davis-Besse NFPA-805 Application

Phil,

The Davis-Besse NFPA-805 application does not have any pages marked as containing security-related information. We noticed that the Beaver Valley application had several appendices marked as containing security-related information.

Please let me know if the Davis-Besse application should have been marked or if there was a change in FENOC's position as to what should be marked.

Thanks,

Blake Purnell
Project Manager
