Alan,
The current PSDAR is the 2008 version (see attached). I'll plan to do another revision once spent fuel and GTCC transfer to the ISFSI is complete.

Good morning, Gerry. Happy New Year.

I've read the original PSDAR, prepared in Feb 2000. Since there was no ISFSI at that time, and I'm sure there have been other changes to the site since then, have there been subsequent (revisions) to the PSDAR?

Thank you.
