Dear Mr. Trautman:

The U.S. Nuclear Regulatory Commission (NRC) is pleased that you will participate in a closed Commission meeting on May 19, 2016, at 10:00 a.m. The meeting will be held in the Sensitive Compartmented Information Facility (SCIF) in the NRC's Headquarters building at One White Flint North, 11555 Rockville Pike, Rockville, Maryland. The Commission is interested in hearing about ongoing investigations involving NRC-licensed facilities. I am enclosing a copy of the meeting agenda for your information (enclosure).

To assist the Commission in preparing for the meeting, any written material or slides should be provided to the Office of the Secretary, so that it can be distributed to the Commission for review in advance of the meeting. Your presentation at the Commission meeting should be based on the assumption that Commissioners are familiar with the content of any written material you provide. Please plan your oral presentation for 10 minutes, discussing the important points on which you wish to focus the Commission's attention. Also, please avoid the use of acronyms where possible, or at least explain them during your presentation.

The NRC Headquarters building is located opposite the White Flint Metro Station on Rockville Pike and Marinelli Drive, Rockville, Maryland. The White Flint Metro Station is on the Red Line of the Washington area subway system. Reserved visitor parking for Commission guests is available. If you wish to use reserved parking, please notify Ms. McGovern in advance.
