Subject: [External_Sender] Damaged Documents

Ron:

On February 17, 2016, CBO submitted by certified mail to Document Control the Semiannual Effluent report for the second half of 2015. On February 24, 2016, CBO submitted by certified mail to Document Control the Monitor Well Excursion status of SM10-21. The United States Postal Service has returned both documents to CBO due to them being severely damaged in the mailing process. In my conversation with you it my understanding that you have received a copy of both of these reports and will file them with document control thus mitigating the need for CBO to re-submit the documents.

Thank you for your cooperation,
