Subject: new nuclear reactor in Salem County
Date: Saturday, March 05, 2016 9:16:14 AM

No new nuclear reactors.

Look at Chernobyl. Look at Fukushima.

We should have learned our lesson by now. Radioactive accidents and leaks are common:

https://en.wikipedia.org/wiki/Lists_of_nuclear_disasters_and_radioactive_incidents

<http://www.theguardian.com/news/datablog/2011/mar/14/nuclear-power-plant-accidents-list-rank>

They destroy areas of the planet forever - land and water.

For 1000 possible new jobs? Not worth it.

Please look to truly clean energy alternatives, not this wolf in sheep's clothing.

Phase out nuclear power.
