SUMMARY: (Continued from page 1)

A clarification call requested by AREVA was held on March 15, 2016, with NRC staff regarding clarification on two RAIs (DSC-RAI-2-1 and DSC-RAI-2-4) from the second round RAI for the AREVA CoC 1004 renewal application. Representatives from NRC, and AREVA participated in the call. The NRC Material subject matter expert (Darrell Dunn) explained why the two subject RAIs were needed (which is documented in the RAI itself). The applicant described how they intended to answer DSC-RAI-2-1 and DSC-RAI-2-4. NRC staff indicated that the proposed response appeared to satisfy the intent of the RAI. The call ended with both parties (NRC and AREVA) indicating that no further clarification was needed to the subject RAIs.
