Lisle, IL 60532-4352

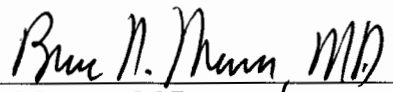

Dear Sir or Madam:

Indiana University Health Bloomington Hospital would like to amend its Byproduct Materials License, Number 13-10408-02, to add the activities currently licensed under Materials License 13-24646-02 (SIRA Imaging Center, LLC). Indiana University Health Bloomington Hospital is a co-owner of the SIRA Imaging Center, LLC and this does not constitute a transfer of control of License 13-24646-02. We request that 500 Landmark Avenue, Bloomington, Indiana, 47401 be listed as an Address of Use on License 13-10408-02 and that License 13-24646-02 be subsequently terminated following transfer of activities, without a lapse in licensed activity. Authorized Uses at 500 Landmark Avenue are to remain limited to 10 CFR 35.100, 35.200, and 35.300 and there are no changes to the Area of Use currently approved under 13-24646-02. Additionally, there are no requested changes to the Radiation Safety Officer or Authorized Users on License 13-10408-02 as a result of the license merger.

If there are any questions concerning this license amendment, please contact the Indiana University Health Bloomington Hospital Radiation Safety Officer, Mr. Patrick J. Byrne, DABR, CHP, DABSNM at 877-317-5811.

Sincerely,

Matthew D. Bailey
Regional Chief Operating Officer
South Central Region
Indiana University Health

Bruce Monson, M.D.
President, Southern Indiana Radiological Associates
SIRA Imaging Center, LLC
