Dear Dr. Parikh:

This refers to the letter dated December 21, 2015, notifying the NRC of the change of control of NRC License 21-00258-06 issued to Allegiance Health. The change of control is scheduled to take place on April 1, 2016. Based on the information submitted, which is detailed in the enclosed Safety Evaluation Report, the NRC has no objection to the proposed change of control.

Please note that you will need to notify us promptly, in writing, after the transaction has been finalized and include a signed copy of the agreement confirming completion of the transaction. If the transaction has not been consummated within 30 days of the date of this letter please notify us in writing. Also, please request an amendment, if needed, to reflect any changes to the license, for example a change in the name of the licensee.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

The NRC's Safety Culture Policy Statement became effective in June 2011. While a policy statement and not a regulation, it sets forth the agency's expectations for individuals and organizations to establish and maintain a positive safety culture. You can access the policy statement and supporting material that may benefit your organization on NRC's safety culture Web site at <http://www.nrc.gov/about-nrc/regulatory/enforcement/safety-culture.html>. We strongly encourage you to review this material and adapt it to your particular needs in order to develop and maintain a positive safety culture as you engage in NRC-regulated activities.

Please contact me at 630-829-9842 if you have any questions or require clarification of the information above.

Sincerely,

A handwritten signature in black ink, appearing to read "Toye L. Simmons".
