Dear Ms. Hughes:

It has come to our attention that the facility diagram that was submitted with your new license application for your NRC Material License No. 13-35276-01, issued on December 21, 2015, lacked sufficient details. We requested that you provide a more detailed facility diagram, which you provided in your letter dated March 22, 2016. Enclosed is a corrected copy reflecting the additional information received.

We apologize for these errors and for any inconvenience they may have caused you.

If you have any questions concerning this amendment please contact me at either (630) 829-9862 or (800) 522-3025, ext. 9862. My fax number is 630-515-1078.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Sincerely,
